**KILKENNY  
LIMESTONE**

***“a whole new dimension to  
outdoor living”***

“consider ethically sourced stone  
consider Kilkenny Limestone”

# authentic

Authentic Blue Limestone is only found in Belgium and the hillsides of Kilkenny. It has taken nature over 400 million years to produce this unique natural stone.

**“consider natural Irish stone  
consider Kilkenny Limestone”**

**practical**

Kilkenny Limestone offers a practical solution to outdoor living. Paving, Walling products, Feature-stones and Benches will all compliment each other throughout your garden.

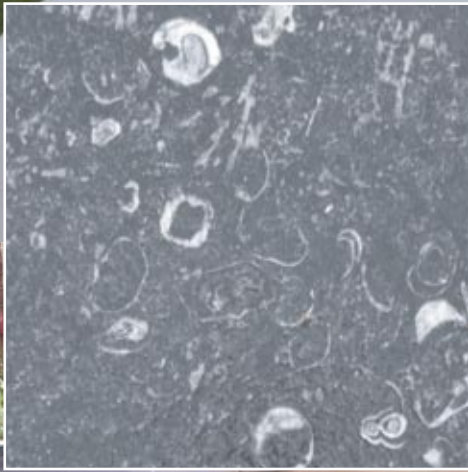

“consider low maintenance  
consider Kilkenny Limestone”

KILKENNY  
LIMESTONE

Natural Limestone exudes a character and authentic beauty that will turn your outdoor living space into a sanctuary for the creation of treasured memories with family and friends.

natural

“consider non-slip stone  
consider Kilkenny Limestone”

Kilkenny Limestone has a unique flamed finish which reduces the chances of slippage.

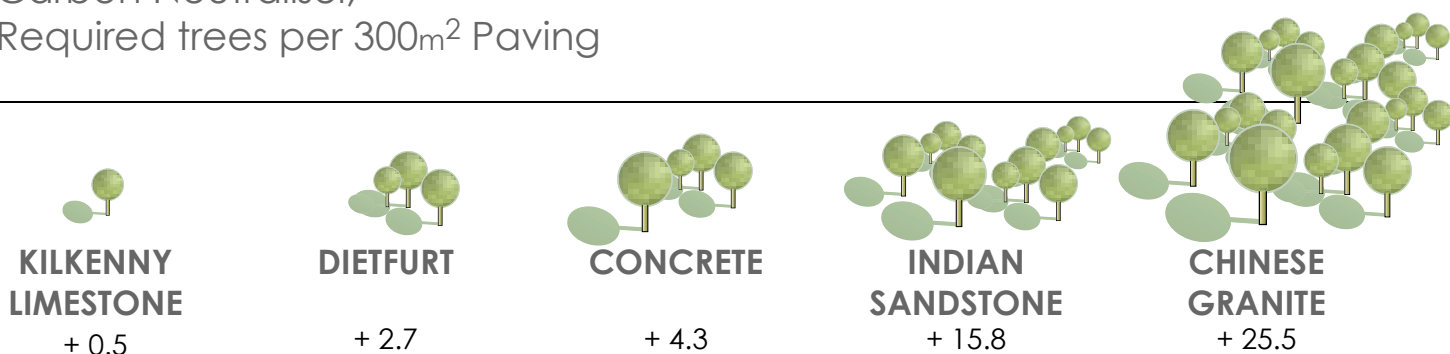

# carbon footprint

Kilkenny Limestone has one of the smallest carbon footprints in the natural stone industry.

Up to 60 time less carbon produced than some imported stone.

Carbon Neutraliser,  
Required trees per 300m<sup>2</sup> Paving
